

AleHouse: The Alehouse series puts emphasis on the details to create a totally unique flooring experience. A multi-layer, hand-staining process has been used to create an inner glow effect that darkens towards the timeworn plank edges. Due to the natural glow, the Alehouse series has high color variation. Meaning the color hues will span a range from low to high for added brilliance. Vintage, long-length planks measure up to seven-feet long for a more coalescent floor. Our exclusive vintage surface treatment finish adds even more character for the look of a reclaimed, custom hardwood floor.
