INTRODUCING

The GREEN MOUNTAIN Series

Bringing the Majesty of the Mountains In.

The Green Mountain Series is a high-end, traditional solid hardwood collection made completely from legally harvested domestic wood species in North America. With lightly wire-brushed oaks and lightly handscraped maples, this collection brings natural American beauty into your home. As a solid hardwood flooring line, these floors can withstand multiple sandings and are good for raised foundation installation. With a total of 12 colors, the Green Mountain Series reflects the range of timbered hillsides and flowing streams of the wild country, transforming your home into a picturesque setting.
