Warranty Periods for Our LVP/WPC Rigid Core Vinyl Flooring Products

- ❖ Limited Lifetime Structural Warranty
- ❖ Limited Lifetime Residential Wear Warranty
- ❖ Limited Lifetime Waterproof Warranty
- ❖ Limited Lifetime Pet Proof Warranty
- ❖ Limited 10-Year Medium Commercial Wear Warranty

Limited Lifetime Structural Warranty:

Our LVP/WPC Rigid Core Plank Flooring will be free from manufacturing or material defects for the life of the product. Should a problem attributable as a manufacturing defect develop after the flooring is installed,

we will verify the validity of the manufacturing defect. Upon determination of a manufacturing defect, we will authorize either replacement of the defective planks or replacement of the floor at our discretion. **Note:** This will be a credit based on the original purchase price of the product and will be good toward the purchase of repair material and/or replacement material. **Note:** When a defective product is installed (if/when it was or should have been noticeable at time of installation), credit applies only to material, and does not include labor, since it is the responsibility of the installer to determine suitability of the material prior to installation. **Note:** Installation constitutes acceptance of the material as well as any/all jobsite conditions.

Wear Warranty:

We warrant that the installed product will not wear through to the printed film layer, stain or fade under normal use as follows:

Limited Lifetime Residential Wear Warranty: covered for the lifetime of the original purchaser and is transferable one time from the original point of sale and installation.

Limited 10-Year Medium Commercial Wear Warranty: covered for a period of 10 years from the date of purchase.

Vinyl wear through is defined as 100% vinyl layer wear-through that exposes the core material, or that the wear layer is sufficiently depleted or compromised so that the printed film layer is damaged, altered or affected from normal use, over a minimum of 3% of the total installation. Stains and fading must be sufficient that the affected area of flooring is permanently discolored from normal household use and cleaning. (Gloss reduction, marring, dings, dents, or surface scratches are not considered surface wear.)

Limited Lifetime Waterproof Warranty:

- Our LVP/SPC Rigid Core plank flooring is warranted to be 100% (liquid) waterproof, and the structural integrity of the floor plank will not be significantly diminished by exposure to topical water for the life of the product. While topical water will not affect the floor's structural integrity, it is probable that, when excessive moisture accumulates in buildings or on building materials, due to high levels of relative humidity within the atmosphere and/or emitting from the surface of a concrete slab, lightweight concrete and/or the soil within a crawl space, mold and/or mildew growth can occur beneath the floor and/or between the flooring joints (particularly if the moisture problem remains undiscovered or unaddressed). Note: Our Waterproof (moisture) warranty excludes damage resulting from mold and/or mildew growth due to prolonged exposure to moisture. In addition, said warranty does not warrant against cupping, buckling and/or end joint peaking due to gaseous water vapor absorption into the core material because of not providing the required moisture vapor protection as outlined in our Installation Guidelines. If the flooring plank is structurally compromised, resulting from exposure to topical water, we will authorize a pro-rated credit based on the terms outlined below in the section titled "Terms of Limited Lifetime Warranties". This warranty is transferable one time from the original point of sale and installation.

This Limited Lifetime Waterproof Warranty excludes all casualty events involving water coming in contact with your floor and failures normally covered by homeowners' insurance including, but not limited to, damages caused by flooding or standing water from leaky pipes, faucets, toilet overflows, household appliances, etc. Also excluded are damages caused by flooding, high levels of moisture emitting from within a concrete slab, lightweight concrete, soil within a crawl space, standing water from hydrostatic pressure, hydrostatic head, or other casualty events.

Limited Lifetime Pet Resistant Warranty:

Stain resistance means the ability of your floor to resist (i.e., minimize or withstand) permanent stains for as long as you own your floor. Cleaning of the affected area should begin immediately upon discovery. The more time that elapses before removal, the more difficult a stain will be to remove. **The Limited Lifetime Pet Resistant Warranty does not cover:**

- Any urine, feces, or vomit stains, other than from a pet (domestic cat or dog).
